Notification of Pesticide Application

This is to notify you that the **Cody High School** located at 18445 Cathedral, will receive a treatment of a pesticide application on Saturday, April 12, 2025, for American Cockroaches throughout the building including janitor's closets, restrooms, hallways, locker rooms, the kitchen/cafeteria areas, and any other areas deemed necessary.

Terminix-Ehrlich Services, a licensed pest control contractor working for the District, will apply the pesticide treatment.

Sincerely,

Michael A. Flowers, MSA
Assistant Director

Detroit Public Schools Community District

Environmental Health & Safety
Support Services Complex, Building C
